

## Wants List - Spring 2020

The Wants List enables members to ask for plants they have been trying to locate, in the hope that another member grows the plant, and would be happy to supply either a plant, a cutting or seeds. The Wants List is updated twice a year.

If members can supply any of the requests on the list, they bring them along to the next meeting. A small charge is made for the plants, which goes to Group funds.

Acaena 'Blue Haze'	Datisca cannabina x 2
Acanthus 'Ferguson's Gold'	Dianella tasmanica
Acanthus mollis 'Hollard's Gold'	Diascia 'Diamond White Blush'/any white
